4:00 PM - 5:00 PM (1.0 PDH)

WORKSHOP

4:00-5:00 PM (1.0 PDH)

Helical Piles - An Engineered Solution with a History

Speaker : Mr. Christian Gallo

Mr. Gallo's presentation will address the following points:

- *What is a helical pile and history of their use?*
- *Relationship of applied torque and load capacities in helical piles*
- *Various load capacities of different pile sizes*
- *Information necessary for determining size of pile and required torque*
- *Methods for measuring applied torque*
- *Various uses and implementation of helical piles and benefits of piles vs. concrete*
- *Certifications and code compliance of GoliathTech Piles*
- *Request for Geotechnical Engineers to include helical piles as an option along with concrete belled piers*
