

TECHNICAL PRESENTATION
April 12, 2023

**Trenchless Installation, Post Installation Inspection,
Trench and Excavation Safety**

Presented by Mr. Ron Reicher with Ameritex Pipe & Products, LLC

BIO: Ron Reichert attended Drexel University where he earned a BS in Civil Engineering. He has been heavily involved with ASCE committees and events at the local, state and national level, as well as APWA, SAME, AGC, IAI, and numerous other engineering and infrastructure associations. Additionally, Ron serves on ASTM C-13, E-60, F-17, and F-36 committees. An employee of AmeriTex Pipe

& Products since 2016, Ron has over 24 years of experience in specification and selection of infrastructure materials.

ABSTRACT: Every day counts in delivering an infrastructure project. From safety to citizen inconvenience, every day that a project can be delivered earlier can benefit everyone involved. This discussion will present various ways to shorten delivery time for storm drainage infrastructure projects.
